

I

Election to Make Contributions for Military Leave Under 40 ILCS 5/15-157(d) in Accordance with USERRA of 1994

This form may be used by a SURS member in the event that the USERRA mandated payment deadline may be difficult to meet, either due to a short period of Military Leave or by delayed or late documentation from the member or SURScovered employer. Employers should not use this form, but instead submit a Report of Status reporting the leave.

The calculation section below may be used to estimate the amount of contributions due for the period of the Military Leave and remit them to SURS in advance of the documentation. The form should be signed, dated, and returned to SURS along with the payment. This advance payment method may only be made using after-tax dollars.

I, _	, hereby elect to exercise my rights under Uniformed Services
